- 360° detection area
- Unique day/night function

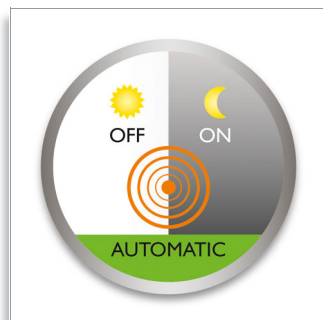

Experience outdoor lighting in an easy way

- Weather proof
- High quality synthetics
- Wall, ceiling and corner mountable

PHILIPS
sense and simplicity

Highlights

Easy to set up sensor

A simple set up procedure makes it easy to select when and for how long the automatic sensor switches on the lamp(s).

360° detection area

This Philips PIR sensor is mountable on the corner of the wall for a 360° detection area.

Unique day/night function

Use the unique day/night function for long summer evenings or for safety reasons.

Wall, ceiling and corner

This Philips motion sensor is mountable on the wall, ceiling and on the corner.

High quality synthetics

This Philips PIR sensor is made specifically for outdoor spaces. It's hard-wearing and built to last. It's constructed from high quality synthetics.

Weather proof

This Philips PIR sensor is especially designed for humid outdoor environments and has undergone rigorous tests to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This Philips PIR sensor is designed with IP44: it is protected against splashing water, ideal for general outdoor use.
